Zeflen Flowers Dies Of Gunshot Wounds

INVESTIGATOR TONY MASTERS checks 22 rifle for fingerprints in Flowers home last Saturday night. Minutes later rifle was checked and found empty of ammo and barrel was clean, telling officers it was not fired in incident outside Flowers home minutes earlier.

Zeflen Flowers, 44 year old resident of Rt. 1, Jack, was killed Saturday night about 8:20 p.m. at his home. Medical examinations at the Elba General Hospital revealed he was hit five times with a gun shot at close range. At least two of the bullets hit critical parts of his body, one in the forehead and another in his chest at or near his heart. The shooting was first reported when Flowers' wife and his younger brother telephoned the Elba police department and requested a rescue squad. Later they telephoned again and said they were coming to the Elba General Hospital, down the Elba-Troy highway and requested the police to meet them. Two units of the Elba police immediately responded and intercepted the Flowers' car and escorted it to the hospital where the victim was pronounced dead on arrival.

Charged with first degree murder in the incident was Harvey H. Waters, III, age 26. Waters is a native of Elba and is presently serving in the U.S. Air Force at Nashville, Tenn. He turned himself in at the Elba police station following the shooting.

Waters gave law officers his pistol, a 380 Mauser, wrapped in a shirt when he arrived at the police station. Also he reportedly gave Deputy Sheriff Don Rayford a statement but the contents of this statement have not been released.

Rayford also had in his possession a 22 caliber 9 shot Hi Standard pistol reportedly belonging to the deceased. This weapon was turned over to law officers by the brother of the dead man, according to unofficial talk around the police station late Saturday night. When investigators checked this gun it was found that one of the nine shells in the weapon had been fired, however, it was not known at the time if it was fired recently or an old shell was in the gun.

There has been no complete story of the incident released by officials nor by any of the several people reported to be on or near the scene at the time of the shooting.

Waters was released on \$25,000 bond Sunday and has returned to his military assignment.

Investigating the shooting were State Investigators Joe Tom and Troy Masters, several highway patrolmen, deputies Don Rayford and Jr. Henderson, Assistant Chief Max Rayborn and Sgt. James Sawin of the Elba Police Department. Early assistance was also given by Roger Davis of the Conservation Department.

Deputy Resigns Post

Deputy Sheriff Don Rayford resigned his position with the Sheriff's Department effective June 1st. In submitting his written resignation Rayford stated, "I have enjoyed work-

ing with and for the people of Coffee County for the past three years. At this time I feel that I need more free time to spend with my family and I am accepting employment elsewhere so that I may do so."

Rayford, considered an excellent law officer, has accepted a position with the Elba Police Department.

HOSPITAL STAFF LOAD FORD on the MAST helicopter for the hurried flight to Montgomery's Baptist Hospital.

'MAST' FLIES PATIENT TO MONTGOMERY

Ronnie Ford was flown to a Montgomery hospital by MAST Friday morning. He had reported to the Elba General Hospital with internal bleeding and local doctors decided he needed the quick attention of a specialist.

The Military Assistance to Safety and Traffic (MAST) is a new program now underway in counties surrounding Ft.

Rucker. It utilizes military equipment and personnel to help civilians in an emergency. Ford was Elba's first patient under the new program. Actually local hospital personnel haven't even been briefed on the program and when it was decided to use it, head nurse on duty, Bernice Donahue, with the assistance of Gertrude Travick began calling to make contact. After several telephone calls, they reached the right party and the helicopter was enroute immediately.

Following the short flight to Montgomery the copter was met by surgery personnel and Ford was in surgery six minutes after the copter touched down at Montgomery.

Pea River Pool Opening Planned For Saturday

The Pea River Pool under the management of Roland Powell will open Saturday, June 1, 1974, if the repairs on the pool are completed.

The Mulberry Heights Pool under the management of Kenneth Ware opened last Saturday, May 25th.

Prices this year, daily, are 35¢ and 50¢.

CONCERNED CARE in the motto of CW2 Nicolson, LT Winckel and SP5 Thomas as they lift off with Ford enroute to Montgomery hospital.

Boys' And Girls' State Selections Made

At the May meeting of Culver Post 42, the American Legion and the Ladies Auxiliary Chapter, selections were made for attendance at Boys State and Girls State.

Those selected to attend Boys State, to be held at Troy State University, were Freddie Malory, Bill Mickle and Vann Vaughn. Junior Nobles were selected to attend Girls State to be held at Huntington College.

Sponsors for these outstanding boys and girls from Elba are The Peoples Bank, Elba Exchange Bank and Luther Post 42.

The purpose of Boys and Girls State is to educate our youth in the duties and privileges of American citizenship. Here they will participate in the program as it is projected nationwide.

Attendees will not only review their knowledge of a political machinery of a republic but will do exactly the same chores as actual office holders in the everyday world. They choose their own officials in accordance with regular electoral procedure, and learn the duties of the various city, county, and state officials. Individuals will be selected from Boys and Girls State to attend the national meetings to be held later in the summer.

Here they will participate in the program as it is projected nationwide.

"Section 3. Such PFDS that are torn, rotted, or damaged lose their U. S. Coast Guard approval. In addition, all PFDS shall be properly sized for occupants on board."

"Section 4. The Department of Conservation and Natural Resources, through its enforcement officers, shall have the right to inspect any required safety equipment aboard any vessel operated on the waters of this state."

T. DUDLEY PERRY

STATE SENATOR

23rd District

BARBOUR, BULLOCK, COFFEE, DALE, HENRY, MACON and PIKE COUNTIES

Dear Folks,

The past weeks of campaigning have indeed been pleasant for me and my family. It has given us an opportunity to see so many wonderful people. I am sure you all know that the people of Coffee County voted overwhelmingly to support my candidacy in the May primary. I sincerely want to serve the people of Coffee County in the State Senate. I will also be available to each of you as individuals should you need my help as a Senator.

DUDLEY, ANNA JEAN, DEBBIE AND DUDLEY, JR.

HOME FOLKS KNOW BEST.

Why has Jere Beasley's opponent never won his home county?

Jere Beasley's opponent from Dothan has run for office many times.

In his campaigns for City Commissioner, Lieutenant Governor and twice for Governor, he has never carried his home county, his home precinct — or even his home box!

It's important to have the support of the people who know you best.

It means something's wrong when you don't!

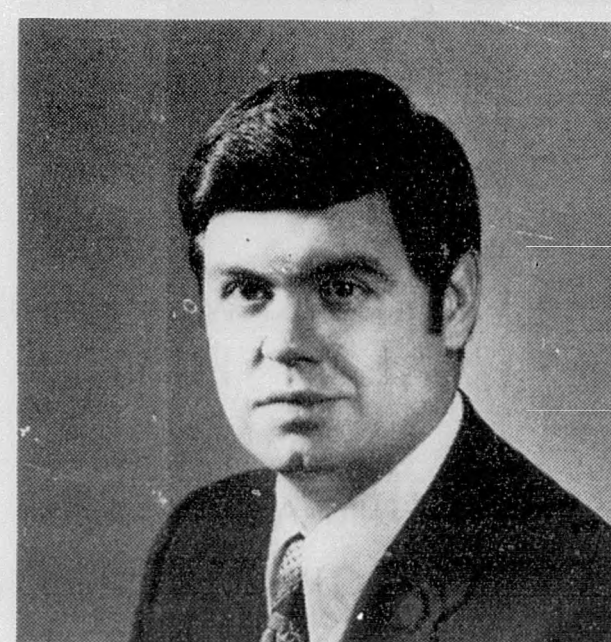

Compare the votes below from the May 7th Primary.

Mr. Woods' home county.

	BEASLEY	WOODS
HOUSTON COUNTY	6015	5494
CITY OF DOTHAN	3519	2950
WARD 4 (MR WOODS BOX)	999	901

Jere Beasley's home county.

	BEASLEY	WOODS
BARBOUR COUNTY	4010	2625
BEAT 7 (CITY OF CLAYTON AND JERE BEASLEY'S BOX)	667	180

When you get down to it, Jere Beasley is the man for Lt. Governor.

LOOK AT THE BAD HABIT WE PICKED UP!

STATE OF ALABAMA HIGHWAY DEPARTMENT

Thirty-eight "litter bins" such as this one, have been placed along Alabama road-sides by the State of Alabama Highway Department, with signs reading "Look At The Bad Habit We Picked Up!" Designed to demonstrate the ugliness and the tremendous

LOOK AT THE BAD HABIT WE PICKED UP

Look At The Bad Habit We Picked Up! That's the slogan attached to some 38 "litter bins" located along Alabama Highways throughout the State by the Alabama Highway Department.

Designed to emphasize the tremendous cost and the ugliness of roadside litter, the bins have received considerable public attention throughout the State. Highway officials say that litter is continually being collected for one month, and is being placed in the bins so that Alabama citizens can see just how much litter accumulates along their roadsides as a result of careless littering.

The program was designed so that the bins will be removed before the tourist season gets underway. Our people in Alabama are usually conscientious citizens who take pride in their State, one highway official said, obviously, however, there are many who just do not realize that every little bit does hurt when large numbers of people litter.

Last year Highway records showed that more than one million dollars (\$1,000,000) was spent by the Department to remove litter from the highways... money that could have been used to resurface approximately 150 miles of roadway, construct two rest areas or eight 200 foot long bridges.

The Department has received some complaints from people who say the bins are an eyesore, however, one official pointed out that all that litter was just a few days ago lying on Alabama Highways,

creating not only an eyesore, but a safety hazard as well. The Department hopes that in the short time the bins will be in place that they will emphasize just how big a problem litter really is to Alabama taxpayers.

ASCS Will Man Farm Fuel Communication Network

"Coffee County farmers who have been unable to find fuel for agricultural production through regular channels may contact this office," said H. D. Entine, Executive Director of the Coffee County Agricultural Stabilization and Conservation Service (ASCS). "ASCS and the Federal Energy Office (FEO) will operate a triple-decker back-up system for farmers with fuel problems which cannot be resolved through procedures already available."

The first back-up solves problems quickly and simply. When a farmer comes to the office and reports that his distributor cannot supply fuel, ASCS will attempt to locate a fuel source. "We will use the second back-up only when we cannot locate fuel locally. Entine continued, "In back-up two, ASCS will contact either the State Energy Office or the Regional FEO in Atlanta. The determination of which office will be contacted is dependent upon the type of problem and where it can best be resolved. The office contacted will then aid in obtaining the necessary fuel for agricultural production."

COFFEE NEWS & CHAT

SARA E. HUTCHINSON

TIED LOOKING AZALEAS

Do your azaleas have that tried-blood look? It is probably iron deficiency—a common cause of poor growth in azaleas.

How can you recognize it? A yellowing or chlorosis of the foliage between the veins and adjacent leaf tissue remaining green, is the first sign of iron deficiency. This yellowing is most intense on the new upper foliage. The lower or older

FLOWERS FOR SHADE

What can I grow in the shade? This is a question most frequently asked by flower growers.

Most annual flowers grown from seed prefer full sun, but there is a small group which will tolerate light shade, and a smaller number which even prefer shade.

Coleus, foxgloves, nicotiana, French marigolds, pansies, violas, vinca, petunias and ageratum all will tolerate light shade. But by far, the two best kinds of flowers for shaded areas are small-flowered fibrous-rooted begonias and impatiens.

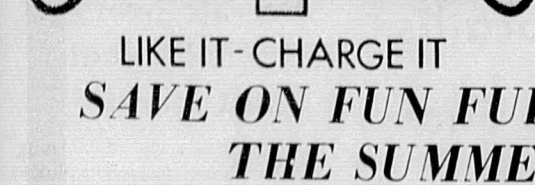

BREADS

Most breads are popular, inexpensive and easily fitted into meal plans. And breads, especially those that are whole grain or enriched, provide vitamins, minerals and energy.

Whole grain or enriched breads are more nutritious than unenriched ones. It's wise to check the label or ask your baker before buying to be sure the product is enriched.

A large loaf doesn't always weigh more or contain more food value than a small loaf. Compare prices of equal weights of bread to find the best buy.

CORNER OF SIMMONS & ADKINSON ST. ELBA, AL.

Carolyn Marler To Wed In July Ceremony

Mr. and Mrs. Charles Carrol Marler of Elba announce the engagement of their daughter, Carolyn Ann Marler, to Thomas Harris Motes, Jr., son of Mr. and Mrs. Thomas Harris Motes, Sr., of Enterprise.

The bride-elect is a graduate of Troy State University and is presently employed by the Enterprise Board of Education as a counselor.

Mr. Motes graduated from Auburn University and is employed as a coach by the Enterprise Board of Education.

The wedding will take place at the First Baptist Church of Enterprise on July 12 at 7 p.m.

All friends and relatives of the couple are cordially invited to attend.

"Middle age is when the girl you smile at thinks you are one of her father's friends."

Persons admitted to Elba General Hospital during the period of May 21 through May 28 were the following:

Charles Farris, Mittie Hillburn, Sara F. Cotter, Marie Purvis, Nettie Wainwright, James F. Burkett, Susan Lee, Audrey Bryan, Leon Hardy, Claude Daughtry, Gene Terry, Elma Moore, Lettie Roberts, David E. Suttley, Sallie Crocker, Eunice Crawley, Nancy Flowers, Shelle Newman, Mary I. Husey, Annie Ray Wilts, Kasper W. Anderson, Henry Suttley, Burnice Capers, John R. Ward, Gertrude Ennis, Walter J. Compton, William C. Goodson, and Albert Lee.

Persons discharged during this same period of time were: Charles Farris, Mittie Hillburn, Sara F. Cotter, Susan Lee, Leon Hardy, Claude Daughtry, David Suttley, Sallie Crocker, Annie L. Bryan, Ola B. Kendrick, Elbert Beck, Fletcher Rogers, Lonnie Ford, Dorothy Lindsey, Sara Sexton, Harold K. Marler, Bona Drakart, Josie Walker, Sara Moody, Pastine Johnson, Lucille Hudson, Sam Phillips, Elita Crocker, P. K. Aughtman, Dixon Dean, Ella Bell Williams, Lena Fuller, and Walter Compton.

Frozen French fries take the biggest bite out of the crop, accounting for 26 percent of the total. Next in popularity are potato chips, dehydrated potatoes, and canned potatoes.

This change in eating patterns is having a big effect on potato growers, says Extension Specialist W. W. Reid of North Carolina State University.

It does provide a more stable market since most processing crops are raised under contract at a specified price.

But it also means that growers have to choose plant varieties with more care since the potatoes they raise must be the type that will not discolor during processing.

Mr. Motes graduated from Auburn University and is employed as a coach by the Enterprise Board of Education.

The wedding will take place at the First Baptist Church of Enterprise on July 12 at 7 p.m.

All friends and relatives of the couple are cordially invited to attend.

But it also means that growers have to choose plant varieties with more care since the potatoes they raise must be the type that will not discolor during processing.

Mr. Motes graduated from Auburn University and is employed as a coach by the Enterprise Board of Education.

The wedding will take place at the First Baptist Church of Enterprise on July 12 at 7 p.m.

All friends and relatives of the couple are cordially invited to attend.

"Middle age is when the girl you smile at thinks you are one of her father's friends."

Persons admitted to Elba General Hospital during the period of May 21 through May 28 were the following:

Charles Farris, Mittie Hillburn, Sara F. Cotter, Marie Purvis, Nettie Wainwright, James F. Burkett, Susan Lee, Audrey Bryan, Leon Hardy, Claude Daughtry, Gene Terry, Elma Moore, Lettie Roberts, David E. Suttley, Sallie Crocker, Eunice Crawley, Nancy Flowers, Shelle Newman, Mary I. Husey, Annie Ray Wilts, Kasper W. Anderson, Henry Suttley, Burnice Capers, John R. Ward, Gertrude Ennis, Walter J. Compton, William C. Goodson, and Albert Lee.

Persons discharged during this same period of time were: Charles Farris, Mittie Hillburn, Sara F. Cotter, Susan Lee, Leon Hardy, Claude Daughtry, David Suttley, Sallie Crocker, Annie L. Bryan, Ola B. Kendrick, Elbert Beck, Fletcher Rogers, Lonnie Ford, Dorothy Lindsey, Sara Sexton, Harold K. Marler, Bona Drakart, Josie Walker, Sara Moody, Pastine Johnson, Lucille Hudson, Sam Phillips, Elita Crocker, P. K. Aughtman, Dixon Dean, Ella Bell Williams, Lena Fuller, and Walter Compton.

Frozen French fries take the biggest bite out of the crop, accounting for 26 percent of the total. Next in popularity are potato chips, dehydrated potatoes, and canned potatoes.

This change in eating patterns is having a big effect on potato growers, says Extension Specialist W. W. Reid of North Carolina State University.

It does provide a more stable market since most processing crops are raised under contract at a specified price.

But it also means that growers have to choose plant varieties with more care since the potatoes they raise must be the type that will not discolor during processing.

Mr. Motes graduated from Auburn University and is employed as a coach by the Enterprise Board of Education.

JROTC Enjoys Banquet

On Thursday, May 16, the Elba JROTC Rifle Team and their coaches attended the first annual Rifle Team Banquet held at the Officers' Club at Ft. Rucker to honor the top rifle teams of the Wiregrass area. The cadets and distinguished guests were served a delicious steak dinner after which trophies

were presented to the outstanding rifle teams in the area. Other teams attending included those from Daleville, Enterprise, Ozark and Crestview. On Friday, May 17, the JROTC Drill Team and their coaches were treated to dinner in an Enterprise restaurant where they enjoyed Mexican food, steak and shrimp.

The wedding will take place at the First Baptist Church of Enterprise on July 12 at 7 p.m.

All friends and relatives of the couple are cordially invited to attend.

Young-Dempsey To Marry

Mr. and Mrs. John T. Young announce the engagement of their daughter, Anne, to Mr. William Jerome Dempsey, son of Mr. and Mrs. Jerome Vernon Dempsey of Ashford, Alabama.

Miss Young is a graduate of Elba High School and is now attending Troy State University, where she plans to graduate this summer.

Mr. Dempsey is the grandson of the late Mr. and Mrs. Bill Dempsey of Cottonwood, Florida.

The bride-elect is a graduate of Ashford High School and of Troy State University. He is presently employed with a construction company.

The wedding has been planned for August.

Persons admitted to Elba General Hospital during the period of May 21 through May 28 were the following:

Charles Farris, Mittie Hillburn, Sara F. Cotter, Marie Purvis, Nettie Wainwright, James F. Burkett, Susan Lee, Audrey Bryan, Leon Hardy, Claude Daughtry, Gene Terry, Elma Moore, Lettie Roberts, David E. Suttley, Sallie Crocker, Eunice Crawley, Nancy Flowers, Shelle Newman, Mary I. COFFEE

Tom Casaday, County Extension Chairman

WHITE FRINGE BEETLE CONTROL

M. N. Stephenson, the expert in white fringe beetle control, talked to me recently about the best way to control the white fringe beetle. He said, "The best way is a fall application of 5 pounds of technical Chlorthane per acre. This amount will give good control on white fringe beetles for 3 years. Chlorthane can also be put out in the spring of the year just before planting. However, the big larvae may not be killed in a spring application."

Controlling white fringe beetles not only prevents this insect from damaging peanuts, but it gives control of wireworms for people who are growing sweet potatoes. Stephenson added that this material can be applied when dry, wheat or corn are planted in the fall.

BEET CALF SHOWS

Extension Farm Agent Dan Presley and J. R. Speed and I are interested in developing a better Coffee County Beef Calf Show. This past year was one of the best years we have ever experienced from the standpoint of participation and prizes received. However, the high costs of the calves initially cut into the profits that the young people made. The fact that about 40 people in the county bought a half a steer for their freezers helped get higher prices for the young people. Naturally, we appreciate this cooperation very much.

We have a new facility for our livestock shows near New Brockton, and we want to expand participation in the Beef Calf Shows. If you have boys or girls of club age at home, you may want to enter one or two steers in the county and district shows. For complete information on this program, call Dan Presley or J. R. Speed or me at 894-5596.

WEED CONTROL

Dr. Earl Burns, our weed control specialist at Auburn, talked to me recently about weed control in corn. A lot of corn in Coffee County was treated with preventive treatments such as Atrazine, Sutan and others. Many times, though, if the rainfall is not adequate, the weeds get up.

We made some mistakes in the past in waiting too late to begin leafspot control in peanuts. The first spray is

very low in cost, and I had rather be a few days early than be a few days late. Leafspot disease comes on slowly. It cannot be cured. Therefore, it is important to prevent leaves from becoming infected with the fungus organism. Ordinarily, if we use the recommended materials, a 14-day schedule is satisfactory. However, in the summer time when it is raining frequently and the humidity is high, it might be necessary to put out applications as close as 10 days.

We have some good materials, and I hope that every acre in Coffee County is given adequate treatment this year. High profits are bound to occur where good leafspot control is practiced.

Incidentally, we recommend Bravo, Du-Ter and Kocide 40. In dusts we recommend copper sulfur.

THIRPS ON PEANUTS

A few days ago we had several calls on peanuts dying. It was widespread on several farms, particularly in the Goodman area. We contacted Dean Bond at Auburn, and he came down and spent a half day visiting these farms. Bond said the damage was due to severe thrips infestations. In many cases the thrips were killing the entire plant. Some of this occurred where Thimet and Di-Syston had been used. Evidently, the rainfall had been excessive and the material was not effective.

To control thrips after the peanuts are already up, we would certainly recommend it. In addition to helping control the thrips, Di-Syston will give good control of young coffee weeds even though it is not recommended for this purpose.

LEAFSPOT CONTROL

It seems like I am concentrating on crop production this week, and I am because

Dear Fellow Coffee Countian:

Any consideration you gave my candidacy for Sheriff of Coffee County in the May 7, 1974, Democratic Primary is deeply appreciated.

It was my good fortune to get more votes than any of the other good men in the race; however, not a majority. Therefore, as you know, we now have a run-off in the June 4, 1974 primary.

Your consideration and support in the run-off will be deeply appreciated, and I pledge to you that I shall, if elected, endeavor at all times to conduct the affairs of this office in a way that will merit your confidence.

Sincerely,

Neil Grantham
C. F. (Neil) Grantham

Drewery Assigned To Sheppard AFB

Airman Ellis C. Drewery, son of Mr. and Mrs. Gordon M. Drewery of Elba, AL, has been assigned to Sheppard AFB, Tex., after completing Air Force basic training.

During his six weeks at the Air Training Command's Larkland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Sheppard for specialized training in the medical service field.

Airman Drewery, a 1970 graduate of Elba High School, attended the University of Alabama.

Registration At Huntingdon Set For June 8

Registration for the 1974 Summer Session at Huntingdon College is set for Saturday, June 8, with classes starting Monday, June 10.

Courses to be offered include: Art, Biology, Business Administration, Chemistry, Economics, Education, English, History, Mathematics, Music, Philosophy, Physical Education, Physical Science, Psychology, Religion, Sociology, and Speech.

High School students who have completed their junior year with an academic record which indicates ability to succeed in college level study may be admitted to the "Step Ahead" program. College credit for successful completion of courses will be given to those who enroll at Huntingdon following graduation from high school. Application should be made to the Dean of Admissions.

Second session of the summer school begins on July 15, with registration on July 12. Individuals wishing detailed information on the Summer Session may write for a free catalog to Registrar, Huntingdon College, 1500 East Fairview Avenue, Montgomery, AL 36106.

ESJC Commencement To Be Held May 31

One hundred fifty-eight Associate Degrees and Certificates will be awarded at the Eighth Commencement of Enterprise State Junior College Friday, May 31, 1974. Dean of Instruction Joseph D. Talmadge announced recently.

The activities are scheduled to begin at 6:30 p.m. in the multipurpose room in the Student Center Building with the Processional March. Dean Talmadge said that friends and relatives of graduates are invited to attend the Commencement and to remain for a reception honoring the graduates following the ceremonies.

Associate in Arts Degrees will be awarded to the following areas of study: David Griffin Baker, Linda June Lucas, Rose Marie Prescott, and Jimmie Lou Fleming. Tyson, Elba, Gerald L. Bartley New Brockton.

Associate in Science Degrees: Deborah Kay Bess, Kingston, M. Meuloye Wayne Johnston, Elba.

Associate in Applied Sciences: May write for a free catalog to Registrar, Huntingdon College, 1500 East Fairview Avenue, Montgomery, AL 36106.

VANDY OUSTED FROM NCAA TOURNEY

The Southeastern Conference championship Vanderbilt Commodores were eliminated from the NCAA District III basketball tournament Saturday when they were defeated by Georgia Southern 5-3. The Commodores opened the double-elimination tourney by defeating East Carolina 2-1, but lost to Miami 3-1 and then dropped their second game to Georgia Southern.

SOFTBALL TOURNAMENT PLANNED

The third annual Dobb's Barbecue Children's Charity Softball Classic will be held this year June 21-23. Entry fee will be \$35 plus one new ball per game, and all proceeds will go to retarded children. Trophies to be awarded will be to the top five teams, team sportsmanship, all tournament, most individual home runs, and most valuable player.

BABE RUTH BEGINS

The summer Babe Ruth program began last week with the Dodgers jumping out to a quick lead. The Dodgers won both games to open a one-game lead over the White Sox and A's. The Reds have yet to win, but have a good team and should contend for the title.

Seniors of 14 At Elba United Methodist

The members of the Senior Class of 1974 were present and sat as a group in the eleven o'clock service at the Elba United Methodist Church on Sunday, May 19. Several of them participated in the singing of the anthem which they had chosen to be used in the service.

The minister, the Rev. Edwin R. Sells, spoke on the topic, "The Kingly Purpose." At the close of the service the graduates were presented to the congregation with information concerning their choice of a college.

The group and their college preferences are listed below: Courtney Cannon - Converse College, Spartanburg, S.C.; Ben Cox - Randolph-Macon, Lynchburg, Va.; Betsy Cox - Huntington College, Montgomery; Cherie Clay - Vanderbilt University, Nashville; Rodney Hamm - Enterprise State College, Enterprise; Debbie Rogers - Troy State University, Troy; James B. Williams - University of Alabama, Tuscaloosa.

On the big day, Teresa awoke around six in the morning with slight pains. She called her mother-in-law and told her she didn't think she was in labor, but that she did have some slight pains. Mrs. Harper told her that she was sure she was in labor and that she would call the midwife. Teresa's parents were notified and started on a trip from Pensacola to be here for the arrival. They had car trouble in Crestview and had to get relatives there to drive them to Elba. They were certain that when they arrived at 3:00 p.m., that the baby would have already come, but she hadn't. Finally at 11:20 a.m. the baby came. The baby, a girl, weighed eleven pounds. Teresa said that she was pleased with the results of natural childbirth and the home delivery and that she would use the same method in the future.

I will be responsible for any debt other than my own.
JERRY NELSON
5-9-74

THE STATE OF ALABAMA, COFFEE COUNTY, ELBA DIVISION, IN THE CIRCUIT COURT IN EQUITY
Troy Van Tye Plaintiff, vs. Bonnie Lou Tyler Defendant.

To Bonnie Lou Tyler: Notice is hereby given that Plaintiff has filed a Bill of Complaint against you in this court, and you are required to appear and plead to or answer the same by the 8th day of July 1974, or in thirty days thereafter, in front of the Court, under penalty of default being entered against you.

This 23rd day of April 1974.
Glady Clark, Register.

Runway/Taxiway Lighting, Runway End Identifier Lights on Runway 9, Visual Approach Slope Indicator Lights for both approaches to the new runway, and flood type apron lighting, construct a 10 unit and a 9 unit T-hanger in new terminal area; relocate the existing beacon on Runway 9; construct approximately 20,000 linear feet of property fencing; and construct 5000' of paved taxiway and county road to replace that required to be relocated by the airport expansion.

Any interested party, organization or group may request that an open public hearing be held for the purpose of considering the social, economic and environmental effects of the airport development, and its consistency with the goals and objectives of existing planning for the community.

A Draft Environmental Impact Statement, written in conjunction with the Master Plan Study, is available for examination and study by all interested parties during normal business hours at the office of the City Clerk, City Hall, Elba, Alabama.

A request for a public hearing must be made in writing and filed with the City Clerk on or before June 15, 1974.

MORTGAGE FORECLOSURE NOTICE
Default having been made in the terms of that mortgage executed on the 9th day of February, 1970, by Richard Lamar Oliver and wife, Shirley M. Oliver, to Jim Walter Holmes, Inc., which said mortgage is recorded in the Office of the Judge of Probate, Coffee County, Alabama, in Record

of Mortgage, Book R-146, Page 725 and default continuing and by virtue of the power of sale contained in said mortgage, the following described property will be sold at public outcry, for cash, to the highest bidder, in front of the Court, house door of said County, during the legal hours of sale, on the 8th day of July, 1974.

Commencing at a point where the Easterly line of the NE 1/4 of NE 1/4, Section 8, intersects the Northerly Right of Way of Coffee County Highway # 14, and running thence Westerly along the Northerly Right of Way of said Highway a distance of 150.00 feet to the point of beginning; thence N 75 degrees 22' W along the Northerly Right of Way of said Highway a distance of 160.00 feet; thence S 75 degrees 22' E a distance of 160.00 feet; thence S 02 degrees 30' E a distance of 200.00 feet to the point of beginning.

Said property lying in the NE 1/4 of NE 1/4, Section 8, Township 3 North, Range 21 East, Coffee County, Alabama. Said sale is made for the purpose of paying the mortgage debt and cost of foreclosure, and will be conducted by auctioneers of said County, Alabama, in Record

of Mortgage, Book R-146, Page 725 and default continuing and by virtue of the power of sale contained in said mortgage, the following described property will be sold at public outcry, for cash, to the highest bidder, in front of the Court, house door of said County, during the legal hours of sale, on the 8th day of July, 1974.

Dept. Of Public
Safety Report

The Alabama State Troopers investigated 146 rural traffic accidents with 57 injuries and 4 fatalities during 6 p.m. Friday through 12 midnight Sunday. The fatalities occurred, each in Pike, Etowah, Montgomery and Elmore counties. Troopers in our Dothan District investigated 6 accidents with 5 injuries and 1 fatality during this weekend period. The Dothan District has 22 traffic fatalities so far this year as compared with 13 at this same time last year.

Coffee County troopers investigated no accidents this weekend with no injuries and no fatalities. So far this year 3 persons have been killed in motor vehicle traffic accidents in this county as compared with 3 killed during the same period last year.

Said property lying in the NE 1/4 of NE 1/4, Section 8, Township 3 North, Range 21 East, Coffee County, Alabama. Said sale is made for the purpose of paying the mortgage debt and cost of foreclosure, and will be conducted by auctioneers of said County, Alabama, in Record
